Judge & Speaker – Anne Sutcliffe FRPS EFIAP PPSA

Anne is usually described as a creative photographer who produces artistic and pastel images. She does not see herself this way. Her modus operandi is to capture in camera or 'create' images with a limited colour palette using simple Photoshop techniques including monochrome believing that simplicity is the key to pleasing images. Anne has inadvertently become known for her intermittent images of lady's toilets! Anne enjoys sharing the stories that inspired her images, their location and techniques used to create them. Most of all she enjoys sharing her enthusiasm with other photographers.

As a beginner, Anne appreciated advice she received from experienced photographers.

In retirement, she has tried to give something back to the world of amateur photography. She served as a member and chair of the RPS LRPS Distinctions Assessment Panel. Currently she is a member of the Fine Art ARPS and FRPS Distinctions panel. For four years, she was an elected member of the RPS Advisory Board. She is the current Chairman of the London Salon of Photography. In her most recent role as Liaison Officer between the RPS and the Photographic Society of America, Anne had a role in developing the new PSA Portfolio Distinction (similar to RPS Distinctions) and is looking forward to serving on an assessment panel in Florida.
