Wondering what a FIAP Distinction is?

I suppose everyone is familiar with the PAGB and RPS distinctions - but not everyone has heard about - nor understands the procedure involved with undertaking a FIAP distinction?

Probably, the easiest way to find out about these is to check out the PAGB website where you will find out all you need to know about working towards your first FIAP distinction : <http://www.thepagb.org.uk/fiap/fiap-distinctions/>

I strongly recommend you subscribe to the PAGB e-News, if you haven't already done so. It is published approximately every two weeks, and delivered to your email inbox. It's an excellent way to keep up to date with the National and International photographic scene : <http://www.pagbnews.co.uk/newsletter-archive>

Unfortunately, I don't have space to showcase the WCPF successful applicants' images here. However, once again, the e-News has published a special issue recently, which was entirely devoted to these distinctions, and features one representative image from each successful applicant. See the results here -

Fancy having a go? Take a look at the FIAP website for full details of all Salons with FIAP patronage, details, dates, and closing dates may be found here -

Good luck!
