

Travelling Exhibition Secretary Report to WCPF AGM 2018

The 2017 Travelling Exhibition completed its rounds mid June 2018 after being seen by 70 clubs. From the notebook entries the exhibition was well received by most clubs but quite a few remarked there were too many prints.

The number of prints for the 2018 Travelling Exhibition was reduced and it started its rounds and will be seen by 72 clubs. This has already led one club to complain there are not enough prints!

Every month I send out the rota for the coming month taking the latest contact details from the WCPF Directory. Often this reveals that some clubs have not notified the directory secretary of changes and means I have to reissue the information.
