

# WCPF AV Competition Rules – Saturday 6th April 2019

**The “Short” Competition:** for individual or joint entry of AV’s of no more than 4 minutes in length.

**The “Long” Competition:** for individual or joint entry of AV’s of between 4 and a maximum of 12 minutes.

**The “Photo Harmony” Competition:** for individual or joint entry of qualifying sequences, not exceeding 6 minutes in length.

## Awards

1. The **Coote Challenge Cup** will be awarded to the winner of the “Short” Competition
2. The **Presidents Salver** will be awarded to the winner of the “Long” Competition
3. The **Photo Harmony Trophy** will be awarded for the best Photo Harmony Sequence
4. The **M.A.D. Trophy** will be awarded for the audience popular vote
5. The **Innovation Award Trophy** will be awarded for, in the judge’s opinion, something different

A number of Certificates will also be awarded for highly placed sequences, as determined by the judge.

The competition is open to all members of clubs affiliated to the Western Counties Photographic Federation. All entrants are limited to **a total of two sequences, with a combined length of no more than 12 minutes**. A single co-contributor is allowed, but they must be listed, belong to a WCPF Club, and are limited to participation in 2 sequences overall. **Sequences must not have been shown in any previous WCPF Competition.**

**Definition of an Audio Visual:** An AV production, submitted for a WCPF competition, should predominantly consist of a sequence of still photographic images, the majority of such images being the original work of the entrant, together with an accompanying synchronised sound track. The use of third party images, animated graphics, video clips or other visual material, whilst not excluded, should be limited and should be appropriate to the production. The PAGB guideline currently states that “Sequences with more than 25%, in photographs or duration, of such third party images, animated graphics and video clips, are unlikely” to gain an award for Photographic Merit in Audio Visual. Entrants must confirm that they have obtained legal consent for the use of any visual material or audio material used in the production, other than their own original content.

Please see below for PAGB guidance applicable to the **Photo Harmony Trophy**.

**Technical requirements:** Sequences for the submission should be .EXE programmes, i.e. the sequences must run with no additional software requirements. **NB** - sequences saved in video format can be entered in consultation with the organiser, and will be accepted subject to being able to be played back on the laptop used at the competition. Please ensure ‘Hide mouse cursor during show’ is activated, untick ‘Show Navigation Bar’, and also ‘close show after last slide’ so as to return to the desktop. Irrespective upon which software you are using, and the resolution of your images, please ensure that they will project to ‘fit the screen’. A digital projector with a resolution of 1920px x 1080px, a computer, (Windows platform), and sound system will be provided by the organisers.

**Pre-selection:** If the predicted running time of the entries exceeds the available time of the competition, the organisers reserve the right to pre-select. The organisers reserve the right to refuse entry to sequences that they may consider, in their absolute discretion, to be undesirable, unsuitable, or incorrectly programmed for projection at the event.

**Copyrights and Responsibility:** In accordance with established copyright regulations, Sequences presented at the Competition should be free of all rights of ownership, artistic or otherwise, which others may hold. By participating in the Competition authors of audio visual Sequences indemnify the organisers against all and any action which may be taken against them by owners of copyrights. Commercial music may be used so long as the entrant holds the appropriate licences. The organisers will accept no responsibility in the case of dispute or litigation. All care will be taken in the handling of Sequences, but the organisers cannot accept responsibility for loss, theft or damage.

**Methods of Entry:** Entries must reach Ian Bateman by February 10th 2019, at 22 Phillipps Ave, Exmouth, Devon EX8 3HZ. Tel. No. 01395 267971. Entries may also be submitted electronically via [www.wetransfer.com](http://www.wetransfer.com) (or similar), to [ian@ibateman.co.uk](mailto:ian@ibateman.co.uk) or burnt to CD and delivered to the Exeter Corn Exchange on February 18th. Please mark the envelope "WCPF AV 2019 Competition". Discs may be collected on Competition Day, or they will be destroyed.

Please email a confirmation to [av@wcpf.org.uk](mailto:av@wcpf.org.uk) when you have sent your entry, whether electronically or by post / DPIC. Confirmation of receipt will be sent by email only. A printed copy of the email should be retained for entry on the day. Payment can be made by cash (in person), cheque, bank transfer or Paypal. Full details are on the Entry Form. You can also use the Entry Form to book tickets if not actually entering.

**Condition of Entry:** The submission of an entry implies the acceptance of these Rules and permission for the Sequence(s) to be shown in public at this competition only.

-----

**The following is an extract from the PAGB INFORMATION LEAFLET SIX, Issue 2 Oct 2014, giving Notes for Guidance to applicants for Awards for Photographic Merit in Audio Visual (APMAV).**

**PHOTO HARMONY** should demonstrate skill in the production and visual progression of still photographs linked to sound. No script or commentary with a specific beginning, middle and ending are required but the images must flow well in a pleasing progression, not just in a random manner.

The emphasis is on visual harmony in colour, tone or graphic design. The aim is not to display a collection of single photographs which may be excellent when considered individually but rather a sequence of pictures which blend well with each other and with the sound chosen. Good technique is essential and it is expected that the sound and the pictures start and finish together and that the original ending of the music is preserved rather than an arbitrary fade out.

In a successful Photo Harmony presentation the Adjudicators will expect most of the pictures to be original photography of a not less than competent standard.

### **For WCPF Entry**

In order to differentiate between Categories, AVs with spoken commentary will not be included in the Photo Harmony Category. Captions, movement, and sound effects will not exclude the sequence, but if they are considered to detract from the visual and overall harmony within the sequence concerned, then it will score lower than others of equal photographic merit. Video clips are not allowed in a Photo Harmony sequence.

**If you have any queries, please contact Ian Bateman at [av@wcpf.org.uk](mailto:av@wcpf.org.uk)**
